Mr. Eric H. Davidson
Southeast Regional Manager
Press-Seal Gasket Corporation
P. O. Box 10482
Fort Wayne, Indiana 46852

Dear Mr. Davidson:

The Virginia Department of Transportation's Physical Laboratory has finished evaluating your 1" X 1" closed cell neoprene gasket material. The 1" X 1" closed cell neoprene gasket material designated as R-427-N met the requirements of ASTM D 1056, Type 2A. The R-427-N material is approved for use as a sealant for box culverts. The gasket material will be placed on the Materials Divisions' Approved List No. 14 for Pipe Gaskets and Coatings in February 1997. This letter will serve as your approval until then.

Sincerely,

W. R. Bailey, III
Transportation Engineering
Programs Supervisor
