

PRESS-SEAL GASKET CORPORATION

Providing products and services that protect our planet's clean water supply

January 1, 2010

RE: National Precast Concrete Association (NPCA)
Quality Control Manual for Precast Concrete Plants, 6th Edition,
Published November 2007

To Our Customers:

Press-Seal Gasket Corporation hereby certifies conformance with requirements of the above-published NPCA Quality Control Manual as follows:

1. Press-Seal Gasket Corporation is currently registered to ISO 9001:2000
2. Press-Seal Gasket Corporation meets or exceeds the requirements for testing rubber physical properties for each rubber compound for each specification (as required under Section 6.2.6 part 1, and Section 6.3.5, part 1); and
3. Press-Seal Gasket Corporation meets or exceeds the requirements for measurement of critical gasket physical characteristics (as required under Section 6.2.6 part 2, and Section 6.3.5, part 2); and
4. Press-Seal Gasket Corporation maintains records of these tests and measurements as required under Manual Sections 6.2.6 and 6.3.5 for Gasket Quality Control for a period of at least one year; and
5. Press-Seal Gasket Corporation has an integrated system for additional testing of products in the event that measurements obtained from samples are not within acceptable tolerances. Material which is not in conformance with requirements is segregated from usable stock and is positively precluded from use or transfer.
