Re: SAFETY DATA SHEETS for Press-Seal Corporation Manufactured Products

Products; In accordance with the OSHA Hazard Communication Program (29 CFR 1910.1200), the following items furnished to your company are considered finished articles as defined under Section C, Definitions:

"Article" means a manufactured item other than a fluid or particle: (i) which is formed to a specific shape or design during manufacture; (ii) which has end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which under normal conditions of use does not release more than very small quantities, e.g., minute or trace amounts of a hazardous chemical, and does not pose a physical hazard or health risk to employees.
